

Student Technology Use Contract

Students will use technology for educational purpose as directed by their teacher to enrich their learning experience at EFI. The use of computers, tablets, and other technology at school is a privilege with responsibility. The following guidelines will help students know how to use technology appropriately.

- Students will only use applications, software and programs required to complete assignments/projects that have been approved by the teacher.
- Students may use the Internet with a teacher's permission and can visit teacher-approved sites.
- Personal phones or tablets should be kept in school bags and turned off during school hours unless the teacher asks you to use them for an educational purpose (calculators, timers, weather apps, etc.).
- Students should check with their teacher before printing, sharing, e-mailing or downloading websites, software, apps or media.

I understand and I agree to comply with the rules stated above. I also understand I can be responsible for the repair or replacement of stolen or damaged hardware.
